Year-over-year Gross Revenue Percentage Loss

The formula for determining year-over-year gross revenue percentage loss is:

- North Dakota-based Total gross revenue April 1-Sept. 30, 2019 **(a)**
- North Dakota-based Total gross revenue April 1-Sept. 30, 2020 (estimate if needed) **(b)**
- Subtract Total gross revenue April 1-Sept. 30, 2020 **(b)** from total gross revenue April 1-Sept. 30, 2019 **(a)** = Loss in revenues **(c)**
- Divide the Loss in revenues **(c)** by the Total gross revenue April 1-Sept. 30, 2019 **(a)** for year-over-year gross revenue percentage loss

Eligible Buydown Amount

Determine total interest expense accrued from April 1, 2020 to September 30, 2020.

Fees

- There are no fees for the applicant.
- BND will pay a one-time service fee to the financial institution of \$250 for each application allocated buydown.

Buydown Allocation Timeline

- Applications will be received from 8 a.m. October 1 to 5 p.m. November 30, 2020.
- On December 1, 2020, all eligible applications will be ranked by BND from highest to lowest percentage loss in gross revenues from April 1, 2020 to September 30, 2020 as compared to the gross revenues from April 1, 2019 to September 30, 2019. BND understands that applicant may need to use a projection for September 2020 if books are not closed in time to meet the application deadline.
