Loan Interest Rate (Variable) & Fees

Your **starting interest rate** will be between

2.15%

and

3.15%

After the starting rate is set, your rate will then vary with the market.

Your Starting Interest Rate (upon approval)

The starting interest rate you pay will be determined when your loan is approved. It will be based upon your state of legal residence. If approved, we will notify you of your starting rate. For more information, see Reference notes.

Your Interest Rate During the Life of the Loan

Your rate is variable. This means that your rate could move lower or higher than the rates on this form. The variable rate is based upon the 3-month London Interbank Offered Rate (LIBOR) as posted by Bloomberg. For more information on this rate, see Reference Notes.

Although the rate will vary after you are approved, it will **never exceed 10%** (the maximum allowable for this loan).

Late Charge: 6% of the unpaid portion of the installment or a maximum amount of \$15.00.

Non-Sufficient Funds (NSF): \$25.00.

REFERENCE NOTES

Variable Interest Rate

- Your rate is variable. This means that your rate could be lower or higher than the rates on this form. The variable rates are based upon the 3-month London Interbank Offered Rate (LIBOR) by adding a margin of 1.5% or 2.5% dependent upon your state of legal residence.
- For North Dakota residents only, your interest rate will not increase more than 1% annually starting on the date your loan is made. The annual maximum rate is reset each year on the anniversary of the date your loan was made and is based on the rate in effect on the last day of the current 12-month period. Assuming your interest rate is 2.65% on the last day of the current 12-month period, the maximum rate for the following 12-month period is reset at 3.65%.
- As your interest rate increases or decreases, your required monthly payment amount may change.
